Press Release

“TRX Cymbal Co® Bells Ring: School Reform is in session”

TRX Cymbal Co® Artist Flood the Drummer® publishes 1st E-book entitled “B.E.E.P®, The Blueprint to Education Reform”

May 31st 2011: Sports Edutainment™ Superstar Flood the Drummer®, a vocal advocate for education reform and the CEO/Founder of TBO Inc®, has written and self published his first E-Book, entitled B.E.E.P®, The Blueprint to Education Reform; available now for free download at <http://techbookonline.com/beep.html>. A Philadelphia native and graduate of the Philadelphia Public School System writes in detail his belief regarding socialization and the impact it has on not just education, but the world at large. “Many argue that the U.S Education system is in crisis” says Flood the Drummer® “But doesn’t socialization play an even bigger part in academic achievement, or the lack thereof. It would seem logical that putting schools in poor neighborhoods with poor people will produce poor results. So if the opposite was done, we would see prosperous communities thriving off of small businesses integrated into a sustainable social and economic structure that will support the school. We don’t plan on allowing the government to dictate how reform is done; we just plan to do it. This movement will not be televised, but uploaded for the world to read!”

Flood the Drummer® is currently available for booking @
